หน้า

บทที่ 1 Approach to Thrombosis 1

- Hypercoagulable state: hereditary, acquired 1
- History and physical examination 5
- Laboratory test 6
- Arterial versus venous thrombosis 11
- Approach to management and treatment of thrombosis 13

บทที่ 2 Approach to Bleeding 21

- Patient evaluation of abnormal bleeding 21
- Laboratory assessment 27
 - Thrombin time 27
 - Reptilase time 30
 - Prothrombin time 30
 - Activated partial thromboplastin time 31
 - Specific clotting assay 32
 - Platelet count and platelet function test 34
 - Other tests 37

บทที่ 3 Venous Thromboembolism 40

- Incidence 40
- Risk factor 41
- Pathogenesis 50
- Natural history 57
- Diagnosis of deep vein thrombosis 62
- Post-thrombotic syndrome 69

- Pulmonary embolism	71
- Guideline for diagnosis of venous thromboembolism	76
- Guideline for treatment of venous thromboembolism	82
- Prevention of venous thromboembolism	84

บทที่ 4 Antithrombotic drugs 119

- Anticoagulants:	121
• Parenteral anticoagulants	121
Heparin	121
Low-molecular-weight heparin	128
Synthetic heparin analogs	130
Direct thrombin inhibitors	132
• Oral anticoagulants	133
Vitamin K antagonist	134
Ximelagatran	139
- Antiplatelet agents:	142
• Aspirin	142
• Thienopyridine derivatives	145
• Glycoprotein IIb/IIIa receptors antagonists	151
- Fibrinolytic agents:	155
• Streptokinase	158
• Anistreplase	159
• Urokinase	159
• Alteplase	159
• Tenecteplase	160
• Reteplase	160

บทที่ 5 Thrombocytopenia 179

- Approach to thrombocytopenia	179
- Idiopathic thrombocytopenic purpura	182
• Pathogenesis	182
• Symptoms and signs	182
• Laboratory diagnosis	183
• Treatment	183

บทที่ 6 Acquired Platelet Disorders	189
- Uremia	189
- Liver disease	195
- Dysproteinemia	196
- Myeloproliferative disorders	197
- Miscellaneous conditions with impaired platelet function	201
- Drug-related platelet dysfunction	201
บทที่ 7 Coagulopathy of Liver Failure and Vitamin K Deficiency	222
- Esophageal varices and portal hypertensive gastropathy	222
- Congestive splenomegaly	223
- Coagulation factor	223
- Coagulation inhibitor	225
- Disseminated intravascular coagulation and fibrinolysis	226
- Thrombocytopenia and platelet dysfunction	227
- Orthotopic liver transplantation	227
- Differential diagnosis	228
- Laboratory findings	229
- Treatment	230
- Vitamin K deficiency	231
บทที่ 8 Acquired Hemophilia	244
- Clinical manifestations	244
- Laboratory diagnosis	244
- Associated conditions	245
- Hemostatic therapy	246
- Eradication therapy	250
- Prognosis	251

บทที่ 9 Disseminated Intravascular Coagulation 257

- Definition	257
- Associated conditions	257
- Incidence	259
- Pathophysiology	260
- Guideline for diagnosis	261
• History and physical examination	261
• Laboratory tests	263
- Differential diagnosis	265
- Treatment	265

บทที่ 10 Coagulopathy in Obstetric Disorders 271

- Thrombocytopenia in pregnancy	271
- Preeclampsia and eclampsia	273
- HELLP syndrome	274
- Hemolytic uremic syndrome	275
- Thrombotic thrombocytopenic purpura	276
- Systemic lupus erythematosus	277
- Antiphospholipid syndrome	277
- Acute fatty liver of pregnancy	278
- Disseminated intravascular coagulation	279
