CONTENTS

| | |
|---|-----------|
| 1. Historical Perspective of Community Health Nursing in Developed Countries | 1 |
| • Introduction 1 • Evolution of Community Health Nursing 1 • Other Services 6 | |
| • Organizations for International Health 8 • Agencies for International Development—1961 8 | |
| • Public Health Nursing in India 8 • Community Health Nursing (1970—present) 9 | |
| • Societal Influences in Community Health Nursing 10 • Current Status of Community Health Nursing 10 | |
| 2. Historical Perspective of Community Health Nursing in India | 12 |
| • Definitions of Public Health 12 • Definitions of Community Health Nursing 13 | |
| • Points to Remember 16 | |
| 3. Concepts of Health and Theoretical Approaches in Community Health Nursing | 17 |
| • Concept of Health 17 • Components of Health 17 • Changing Concepts 18 | |
| • Concept of Community Health Nursing 19 • Dimensions of Health 21 | |
| • Determinants of Health 22 • Health Responsibilities for the General Public 23 | |
| • Preventive Approach to Health 23 • Principles of Community Health Nursing 23 | |
| • Developing a Conceptual Theoretical-empirical Structure 30 • Goals of Theoretical Nursing Models 30 • Interdisciplinary Approaches/Theories 30 | |
| 4. Community Health Nursing Process | 36 |
| • Introduction 36 • Definitions 36 • Major Steps in Community Nursing Process 37 | |
| • Characteristics of the Nursing Process 38 • Components of Nursing Process 39 | |
| • Points to Remember 45 | |
| 5. Family Health Nursing | 46 |
| • Introduction 46 • Definition 46 • Importance of Family Health Service 46 | |
| • Nursing Process in Family Health 48 • Theoretical Approaches in Family Health Nursing (White and Klein, 2002) 49 • Directions for Scaling 52 • Points to Remember 57 | |
| 6. Evolution of Health Care System in India | 58 |
| • Introduction 58 • Evolution of Health Care System in India 59 • Analysis of Recommendations of various Expert Committees 61 • Five Year Plans 67 • Selected Targets and Outlays 69 • Points to Remember for Fifth Five Year Plan 79 • Points to Remember for Fifth Five Year Plan 79 • Programmes Thrust in The Seventh Five Year Plan 81 | |
| • Other Programmes 83 • Approaches During the Ninth Plan 90 • Conclusion 92 | |
| • Points to Remember 92 | |
| 7. Health Programmes | 94 |
| • Important Health Programmes 94 • Other Health Programmes 94 • Vertical Programmes 95 | |
| • Horizontal Programmes 95 • National Malaria Eradication Programme 95 • National Leprosy Control Programme 97 • National Guinea Worm Eradication Programme 100 | |

- National Polio Eradication Programme 101 • National Filaria Control Programme 103
- National Tuberculosis Control Programme 104 • District Tuberculosis Control Programme 104
- Direct Observe Treatment Short-course Chemotherapy (DOTs) 105 • National Goitre Control Programme 106 • National Anti-diarrheal Diseases Control Programme 107 • Acute Respiratory Infection Control Programme 109 • National AIDS Control Programme 111 • National Program for Control of Blindness 113 • Anaemia Control Programme 114 • National Cancer Control Programme 115 • National Water Supply and Sanitation Programme 116 • Universal Immunization Programme 117 • Maternal Child Health Programme 120 • National Family Welfare Programme 122 • Reproductive and Child Health Programme 125 • National Rural Health Mission 127 • Strategies 127 • Child-to-child Health Programme 129 • School Health Programme 130 • Minimum Needs Program 132 • National Mental Health Programme 133 • 20-point Programme 135 • Points to Remember 136

8. Community Development..... 137

- Block Organization 138 • Points to Remember 140

9. Community Organization 141

- Community Organization 141 • Identification of Local Leaders 146
- Roles of Leaders 148 • Guidelines for the Field Visit 148 • Points to Remember 149

10. Community Diagnosis 150

- Introduction 150 • Comparing Patient and Community Diagnosis 151
- Points to Remember 154

11. Civil Administration 155

- Health Organizations in Rural Areas 155 • Points to Remember 161

12. Health Care Delivery System 162

- Current Criticism of Health Care Services 162 • Structure of Health Care System 162
- Structure and Required Health Services 163 • Model of Health Care Delivery System 165
- Model of Health Care Delivery System (System's Theory Approach) 167 • Activities of Nutrition Workers for 1000 Population 172 • Convergences of Services and Community Mobilization 173 • Orientation of Traditional Birth Attendants (Dais) 174 • Private Hospitals 179 • Points to remember 186

13. Primary Health Care 187

- Genesis of Primary Health Care 187 • Health for All 189 • Primary Health Care 189
- Health Policy 193 • Healthy People–2010—Focus Areas 204 • National Health Policy – 2002 205 • Points to Remember 205

14. Roles and Responsibilities of Field Functionaries..... 206

- Job Responsibilities 206 • Duties and Responsibilities of District Public Health Nurses 207
- Job Description of Medical Officers of Primary Health Centers 209 • Preventive, Promotive and Rehabilitative Health Work 211 • Job Responsibilities of Multipurpose Health Worker (Male) 218 • Duties of Multipurpose Health Worker (Female) 220 • Job Responsibilities of Multipurpose Health Supervisor (Male) 225 • Job Responsibilities of Multipurpose Health Supervisor (Female) 227 • Job Responsibilities of Staff Nurse at Public Health Center 228

- *Job Descriptions of Computers at PHC Level* 230
- *Duties and Responsibilities of the Post of Block Health Supervisor* 231
- *Job Description of Community Health Nurses* 237
- *Job Functions of Community Nutrition Workers (ICDS)/CHV/Anganwadi/Asha* 242

15. Maternal and Child Health 244

- *Introduction* 244
- *Essential Maternal Care* 251
- *Management of Normal Labor* 262
- *Antenatal Exercises* 267
- *Newborn Care* 269
- *Immunization Schedule* 271
- *Breastfeeding Policy* 278
- *Artificial Feeding* 278
- *Growth and Development* 279
- *Road-to-health Chart* 281
- *Under-fives Clinic* 281
- *Mid-decade Goals for India* 284
- *Child Health Services and Programmes Related to MCH* 285
- *Quality of Care* 290
- *Cold Chain System* 307
- *The Cold Chain Equipment* 309
- *Recording and Monitoring of Storage Temperature* 311
- *Maintenance of Equipments* 312
- *Fifteen-point Programme for Child Welfare* 314
- *Integrated Child Development Scheme (ICDS)* 315
- *Integrated Approach to Management of Childhood Illness (IMCI)* 316
- *Integrated Management of Childhood Illness (IMCI)* 318
- *Maternal Mortality* 323
- *Socioeconomic and Other Causes* 325
- *Child Mortality* 326
- *Prevention of IMR* 333
- *Points to Remember* 335

16. Family Planning 336

- *Introduction* 336
- *National Population Policy 2000* 341
- *Identification of Beneficiaries* 343
- *Example Calculation* 344
- *Registration of Beneficiaries* 344
- *Family Planning/Welfare Methods* 348
- *Classification of Contraceptive Methods* 351
- *Points to Remember* 362

17. School Health and its Components 363

- *An Overview of School Health Programme* 363
- *Points to Remember* 374

18. Health Education and Communication Media 375

- *Definition of Terms* 375
- *Information* 375
- *Education* 375
- *Teaching* 376
- *Importance of Health Education* 376
- *Aims of Health Education* 376
- *Public Health Approaches* 377
- *Health Education Versus Propaganda* 379
- *Principles of Health Education* 380
- *Communication* 381
- *Practice of Health Education* 392
- *Methods of Group Teaching* 393
- *Audio-visual Aids* 410
- *Sources of Information on Educational Media* 413
- *Cone of Experience* 413
- *Points to Remember* 418

19. Nutritional Problems and Practical Nutrition 419

- *Introduction* 419
- *Nutritional Problems in India* 420
- *Accentuation of Severity of Other Conditions* 422
- *Dietary Management of PEM* 428
- *Vitamin 'A' Deficiency* 429
- *Thiamine Deficiency* 433
- *Pellagra* 434
- *Low Birth Weight* 434
- *Nutritional Anemia* 437
- *Prevention and Control of Nutritional Problems* 440
- *Identification of Nutritional Diseases in the Family and Community* 441
- *Adult Consumption Unit (ACU)* 444
- *Assessment of Nutritional Status* 445
- *Food Exchanges* 452
- *Points to Remember* 460

20. The Home Visit 461

- *Points to Remember* 465

| | |
|--|------------|
| 21. Records and Reports | 466 |
| • <i>Records</i> 466 • <i>Importance of Records</i> 466 • <i>Type of Reports</i> 472 | |
| • <i>Points to Remember</i> 472 | |
| 22. The Sociocultural Factors that Affect Health and Disease | 473 |
| • <i>The Cultural Factors in Health and Disease</i> 473 • <i>Concept of Traditional Disease and Cure</i> 473 • <i>Characteristics of Culture</i> 481 • <i>Points to Remember</i> 481 | |
| 23. Treatment of Minor Ailments and Standing Orders | 482 |
| • <i>Suggested Standing Instructions for Health Workers</i> 483 • <i>Points to Remember</i> 503 | |
| 24. Food Hygiene and Prevention of Food Adulteration | 504 |
| • <i>Introduction</i> 504 • <i>Definition</i> 504 • <i>Points to Remember</i> 515 | |
| 25. Fairs and Festivals | 516 |
| • <i>Introduction</i> 516 • <i>Important factors</i> 517 • <i>Health check-up and Treatment Centers</i> 518 | |
| • <i>Effectiveness of Sanitary Rule</i> 519 • <i>Responsibilities of the Health Authority</i> 519 | |
| • <i>Health Education</i> 519 • <i>Points to Remember</i> 519 | |
| 26. Control of Communicable Diseases and its Importance | 521 |
| • <i>Introduction</i> 521 • <i>History of Communicable Diseases</i> 521 • <i>Natural History of Diseases</i> 522 • <i>Definition of Terms</i> 523 • <i>Epidemiological Triad</i> 525 • <i>Disease Transmission</i> 527 • <i>Direct Transmission</i> 527 • <i>Indirect Transmission</i> 528 | |
| • <i>Magnitude of the Problem</i> 530 • <i>Filariasis</i> 535 • <i>Tetanus</i> 536 • <i>Poliomyelitis</i> 538 | |
| • <i>Tuberculosis</i> 540 • <i>Leprosy</i> 540 • <i>Measles</i> 541 • <i>Chikungunya</i> 542 | |
| • <i>Levels of Prevention</i> 547 • <i>Epidemiological Approach</i> 549 • <i>Integrated Disease Surveillance System</i> 554 • <i>Epidemiology—Study Designs</i> 555 • <i>Integrated Disease Surveillance System</i> 564 • <i>Points to Remember</i> 567 | |
| 27. Evaluation in Health Services | 568 |
| • <i>Introduction</i> 568 • <i>Points to Remember</i> 575 | |
| 28. Town Planning and Housing | 576 |
| • <i>Planning</i> 576 • <i>Points to Remember</i> 579 | |
| 29. Public Relations in Community Health | 580 |
| • <i>Introduction</i> 580 • <i>Definitions</i> 580 • <i>Conclusion</i> 583 • <i>Points to Remember</i> 584 | |
| 30. Civil Registration and Vital Statistics | 585 |
| • <i>Introduction</i> 585 • <i>Uses of Registration</i> 585 • <i>Objectives and Use</i> 586 | |
| • <i>Vital Statistics</i> 592 • <i>Types of Statistics</i> 595 • <i>Natural Increase Method</i> 599 | |
| • <i>Presentation of Data</i> 599 • <i>Several Methods of Presenting Data</i> 600 • <i>Tabulation</i> 600 | |
| • <i>General Principles</i> 600 • <i>Presentation of Statistical Data</i> 606 • <i>Points to Remember</i> 606 | |
| 31. Rehabilitation | 607 |
| • <i>Introduction</i> 607 • <i>Points to Remember</i> 614 | |

32. Ethics and Legal Issues in Community Health Nursing and its Implications 615
 • Introduction 615 • Clients' Rights and Professional Responsibilities in Community Health Care 619 • Ethical Principles in Decision Making 625 • Basic Values that Guide Decision Making 625 • Nurses' Responsibilities 625 • Points to Remember 629

33. Common Procedures Used in Community Health Nursing..... 630
 • Home Visit 630 • Points to Remember 656

34. Occupational Health 657
 • The Employees' State Insurance Act, 1948 659
