CONTENTS

Part One: Resource Data

1

Resource Information—Client 1

Community Resources—United States 1

Community Resources—Canada 25

Resource Information—Nurse 33

PROFESSIONAL RESOURCES 33

ANA Standards of Public Health Nursing Practice 33

ANA Scope and Standards of Home Health Nursing
Practice 35

ANA Scope and Standards of Parish Nursing 37

ANA Scope and Standards of Forensic Nursing Practice 39

ANA Scope and Standards of Nursing Practice in Correctional
Facilities 41

ANA Scope and Standards of College Health Nursing
Practice 43

NASN Standards of Professional School Nursing Practice 45

AOHN Standards of Occupational and Environmental Health
Nursing 47

Guidelines for Public Health Nursing 50

Orientation of New Nurse to Public Health Core Functions
Guide 51

Building Capacity of the Public Health Nursing Workforce: A
Focus on Competency 56

CLINICAL RESOURCES 57

Industry Inspection List for OSHA 57

Laboratory Values of Clinical Importance 58

Common Epidemiologic Rates 64

Handwashing Technique 65

Reportable Diseases 66

National Reportable Diseases 66

State and Local Reportable Diseases 68

Current Status of HIV Reporting as of December 7, 1998 69

Part Two: Assessment**71****Community Assessment 71**

- Windshield Survey: A Micro Approach 71
- Community Assessment: A Macro Approach 73
- Community Health Assessment Model 76
- Lifespan Community Assessment: A Developmental Approach 79
- Data-Gathering Sources and Strategies 83
- Public Health Capacity-Building 83
- Community-Oriented Health Systems 90
- Eleven Functional Health Patterns Assessment Guidelines for Communities 93

Environmental Assessment: Home and Industry 97

- Building Accessibility Checklist 97
- Self-Assessment of Environmental Health 105
- HOME 109**
- Assessment Survey: Housing for the Disabled 109
- Assessment of Immediate Living Environment 111
- Tools for Living for the Aged and Disabled 115
- Life Skills and Community Living 117
- Home Environment Assessment Guide 125
- INDUSTRY 126**
- Occupational/Environmental Health History 126
- Taking an Exposure History 129
- Agency for Toxic Substances and Disease Registry 1993 Priority List of Rank-Ordered Top 10 Hazardous Substances 138
- Selected Work-Related Health Risks 139
- Selected Job Categories, Exposures, and Associated Work-Related Diseases and Conditions 147
- A Model Assessment Guide for Nursing in Industry 149

Family Assessment 154

- Family Self-Care Patterns 155
- Stages of Family Development: Health Promotion and Disease Prevention 160
- Family Health Assessment Interview 161
- Eleven Functional Health-Pattern Assessment Guidelines for Families 165
- Family Health and Functioning Assessment 168

Suggested Areas for Assessment of Family Health-Related Lifestyle	170
STAGES OF FAMILY LIFE CYCLES	171
Family Career: Stages, Tasks, and Transitions	172
Family Stage-Specific Risk Factors and Related Health Problems	173
The Eight-Stage Family Life Cycle	177
Comparison of Family Life Cycle Stages of Duvall and Miller with Carter and McGoldrick	177
Dislocations of the Family Life Cycle by Divorce, Requiring Additional Steps to Restabilize and Proceed Developmentally	179
Remarried Family Formation: A Developmental Outline	181
OTHER FAMILY ASSESSMENT TOOLS	182
Cultural Heritage Assessment Tool	182
Religious Beliefs that Affect Nursing Care	184
Cultural Characteristics Related to Healthcare of Children and Families	200
Genogram Form	212
Genogram Symbols	214
Ecomap Form	215

Individual Assessment 215

MENTAL HEALTH	215
Global Assessment of Functioning (GAF) Scale	215
Initial Patient Assessment	217
Family Health and Functioning Assessment	219
Short Portable Mental Status Questionnaire (SPMSQ)	220
Mini-Mental LLC	221
Mental Status Test (Mini-Mental State) and Directions	223
DEVELOPMENT	224
Flow Chart Showing Growth and Development Changes Throughout the Life Cycle	225
Erikson's Eight Stages of Human Development	241
Piaget's Levels of Cognitive Development	241
Kohlberg's Stages of Moral Development	242
Life Strengths Interview Guide	245
SOCIAL NETWORK	249
Lubben Social Network Scale	250
Social Assessment of the Elderly	252
Primary Changes of Aging	254

Nutritional Assessment 255

- Anthropometric Measurements 255
- Nutritional Status Percentiles 256
- Nutritional Self-Assessment 259
- Family Nutritional Assessment Tool 261
- Nutritional Screening Assessment Guide 265
- Nutritional Screening over the Life Span 270
- Nutritional Self-Care Activities Throughout the Life Span 272
- Nutritional Assessment of the Elderly 277
- Age-Related Gastrointestinal Changes, Outcomes, and Illness
Prevention, Health Promotion, and Maintenance
Approaches 278
- Foodborne Disease 280
- Recommended Dietary Allowances (National Research Council,
1989 Version) 282
- Recommended Nutrient Intakes for Canadians 284
- Summary of Nutrients for Health 288
- Dietary Guidelines for All Americans 299
- Signs that Suggest Nutritional Imbalance 300
- THE FOOD GUIDE PYRAMID 302**
- What is the Food Guide Pyramid? 302
- How to Make the Pyramid Work for You 302
- Sample Diets for a Day at Three Calorie Levels 304
- What Counts as a Serving? 305

Part Three: Indicators of Risk**307****Abuse 307****SUBSTANCE ABUSE 307**

- Characteristics of Substances of Abuse 308
- The Five Stages of Substance Abuse 315
- Brief Drug Abuse Screening Test (B-DAST) 317
- The CAGE Questionnaire 318
- Selected Drugs Commonly Abused and Symptoms of
Abuse 319
- Leading Drugs Abused in the United States 322

CHILD ABUSE 322

- Types of Child Abuse 322
- Components of Report of Child Maltreatment 325
- Parental Risk Factors for Child Maltreatment 327

ห้องสมุด
 วิทยาลัยพยาบาลฯ นครราชสีมา

- Paraphilias 332
- Methods Used to Pressure Children into Sexual Activity 333
- Talking with Children Who Reveal Abuse 333
- Warning Signs of Child Abuse 334
- Child History—Indicators of Potential or Actual Child Abuse and Neglect 335
- Parenting Profile Assessment 338
- ELDER ABUSE 341**
- Definitions of Elder Abuse 341
- Signs of Elder Mistreatment 342
- History of Elder—Possible Indicators of Potential or Actual Elder Abuse 343
- PARTNER ABUSE 346**
- Abuse Assessment Screen 346
- Danger Assessment 347
- Indicators of Potential or Actual Wife Abuse from History 348
- Indicators of Potential or Actual Violence in a Family from Nursing History 351
- Indicators of Potential or Actual Violence in a Family from Nursing Observation 354
- Criteria for Possible Aggression 355

Mental Health 356

- Behaviors Associated with Low Self-Esteem 356
- Behavioral Characteristics of Borderline Personality Disorder 357
- NANDA Nursing Diagnosis: Altered Family Processes (Specify) 358
- Families with Disturbances in Internal Dynamics 359
- Early Warning Signs of Mental Health Problems in Children and Adolescents 360
- DEPRESSION 362**
- Major Depressive Disorder Subgroups 363
- Behaviors Associated With Depression 365
- Illnesses Associated With Depression 366
- Differences Between Anxiety and Depression 368
- Dealing With Depression: The Nursing Process and Maslow's Hierarchy of Need 369
- Changes Symptomatic of Depression 372
- SUICIDE 374**
- Risk Factors Related to Suicide 374
- Assessing Risk for Suicide 375

Clues of Suicidal Risk in Adolescents 377

Suicide/Self-Harm Assessment 378

STRESS 380

Dealing With Stress 380

Symptoms of Stress 384

Strategies for Managing Stress 385

Family Systems Stressors-Strength Inventory (FS³I) 386

The Worry Scale 405

CRISIS 408

Family Crisis-Oriented Personal Evaluation Scales
(F-COPES) 408

Assessment Data for Crisis Intervention 411

Problems Exhibited by the Crisis-Prone Person 413

EATING DISORDERS 413

Areas of Disordered Functioning in Anorexia Nervosa 413

Some Characteristics of Eating Disorders 414

Early Signs of Anorexia Nervosa 415

Diagnostic Criteria for Anorexia Nervosa 415

Diagnostic Criteria for Bulimia Nervosa 416

Lifestyle 417

Social Readjustment Rating Scale 417

Family Inventory of Life Events and Changes (FILE) 419

Personal Health Assessment 423

Mortality Risk Appraisal 433

Healthier People Health Risk Appraisal 441

Lifestyle Questionnaire for School-Age Children 447

Lifestyle Assessment Questionnaire (National Wellness
Institute) 449

Therapeutic Exercise: Focus on Walking 467

Starting to Exercise for a Healthy Heart 471

Poisons 473

Signs That Suggest the Presence of Certain Toxins 473

Lead Poisoning 476

Screen for Lead Poisoning 479

Lead Poisoning and Prevention 484

Priority Groups for Screening Lead 486

Poisonous Plants 486

Poisonous Parts of Common House and Garden Plants 489

Nursing Interventions to Prevent Plant Poisoning in Infants 490

Common Household Poisons 491

Injuries 492

- Causes of Falls 492
- Assessment for Clients Who Fall 493
- Fall Risk Factors for Elders 498
- Tinetti Evaluation Tool 499
- Home Safety Checklist 501
- Types of Falls 505
- Measures to Prevent Falls 505
- Measures to Prevent Fire and Burns 506
- General Safety Precautions 507

Communicable and Infectious Diseases 509

- Recommended Childhood Immunization Schedule, United States, January-December, 2000 510
- Recommended Schedule of Vaccinations for Adolescents Ages 11 to 12 Years 512
- Immunizing Agents and Immunization Schedules for Healthcare Workers 514
- Summary of Sexually Transmitted Diseases 524
- Universal Precautions 529
- Universal Blood and Body Fluid Precautions 530
- Transmission of Infectious Agents 532
- Insect Vectors of Disease 533
- Lyme Disease—Important Facts 534

GUIDELINES FOR SELECTED COMMON**COMMUNICABLE DISEASES 536**

- Lyme Disease 536
- Candidiasis (Thrush) 537
- Chickenpox 538
- Acute Conjunctivitis 539
- Tinea (Ringworm) 539
- Enterobiasis (Pinworm) 540
- Ascariasis (Roundworm) 542
- Foodborne Intoxications and Infections 542
- Scabies 555
- Roseola 556
- Rubella 556
- Measles (Rubeola) 556
- Giardiasis 557
- Herpes Varicella 558
- Mumps 558
- Tuberculosis 559
- Pediculosis 560
- Pertussis 561

Definition of Positive Tuberculin Skin Test (TST) Results in
Infants, Children, and Adolescents 562

Disabilities 563

- Case Management Process and Roles 563
- Nurse Case Management in Rehabilitation 564
- Access to Healthcare Services 575
- Preserving Self: From Victim, to Client, to Disabled Person 588
- Assessment of Equipment Needs for the Disabled Client 590

Part Four: Teaching Techniques and Anticipatory Guidance

599

Educational Techniques 599

- Fundamentals of Teaching 599
- Tips on Teaching Clients 602
- Levels of Application of Preventive Measures 603
- Criteria to Differentiate and Discriminate Among Preventive
Approaches 605

CERTAIN POPULATIONS 606

- Physiologic Changes from Aging and Alterations in Teaching
Techniques 606
- Elderly Clients' Special Learning Needs 607
- Teaching Guidelines for the Elderly Client With Cancer 608
- Health Learning Needs for Individuals of Different Health
Status 609
- Client Teaching at Different Developmental Stages 612
- Implications for the Toddler's Health Learning 613
- Implications for the Preschooler's Health Learning 614
- Implications for the School-Age Child's Health Learning 615
- Implications for the Adolescent's Health Learning 616
- Implications for the Young and Middle Adult's Health
Learning 617
- Implications for the Older Adult's Health Learning 618
- SPEECH AND LANGUAGE CONDITIONS 619**
- Sign Language for Common Health Situations 619
- Manual Sign Language Alphabet 621
- Tips for Communicating With a Hearing Impaired Person 621
- Keep It Simple—Reading Skills Rules 622
- SMOG Testing to Check Literacy Skills 623
- Readability Graph 626

- Gunning Fog Index Scale 627
- Nursing Suggestions to Encourage Language Development in Preschoolers 629
- Administration and Scoring of the Preschool Readiness Experimental Screening Scale (PRESS) 630
- SUBSTANCE ABUSE 633**
- The Progression and Recovery of the Alcoholic in the Disease of Alcoholism 633
- Stages of Chemical Dependence 634
- Substance Use Prevention 634
- SPECIFIC CONDITIONS/ILLNESSES 635**
- Advantages and Disadvantages of Contraceptive Methods in the Adolescent 636
- Pelvic Muscle Exercises 639
- Nursing Counseling for Families about Enuresis 640
- Suggestions for Content of Education Program for Diabetes 641
- The Relaxation Response 644
- Managing Pain without Drugs 645
- Typical Characteristics of Codependence 647
- Appropriate Expressions of Anger 648
- Guide to Contraindications and Precautions to Immunizations, January 2000 649
- Quitting Smoking 653
- Blood Pressure Recommendations for Follow-up and Classifications—Adult 655
- Body Mass Index 661
- Self-Help Devices 661

Screening Tools, Techniques, and Diagnostic Criteria 666

SPEECH, VISION, HEARING, AND LANGUAGE 666

- Vision, Hearing, and Language Screening Procedures 666
- Major Developmental Characteristics of Hearing 670
- Major Developmental Characteristics of Language and Speech 671
- Landmarks of Speech, Language, and Hearing Ability During the Preschool Period 672
- Nurse's Interventions for Screening Vision and Hearing of Preschoolers 675
- Clues for Detecting Visual Impairment 676
- Denver Eye Screening Test 678
- Tuning Fork Tests 679

GROWTH AND DEVELOPMENT 680

Normal Tooth Formation in the Child 680

Developmental Tools Used to Assess Children with Chronic
Conditions 682

Denver Developmental Screening Test/Denver II 700

Cultural Awareness: The Denver Developmental Screening
Tests 703

Denver II Scoring 704

Denver Articulation Screening Examination 705

Growth Measurements: Birth to 18 Years 710

Schedule of Clinical Preventive Services 714

SLEEP 730

Sleep Interview 730

External Factors Regulating Sleep 732

Classification of Sleep and Arousal Disorders 733

Parasomnias or Disorders of Arousal 734

CANCER 735Warning Signs That May Indicate the Presence of Childhood
Cancer 735

Cancer Prevention Tips 736

Nutrition and Dietary Recommendations for Cancer
Prevention 737Summary of American Cancer Society Recommendations for
Early Detection of Cancer in Asymptomatic People 738

Prevention, Screening and Early Detection of Cancer 739

Testicular Self-Examination 741

Breast Self-Examination 742

Skin Self-Examination 746

Vulvar Self-Examination 747

STROKE AND CARDIOVASCULAR DISEASE 749

Stroke—Signals and Actions 749

Cerebrovascular Accident Conditions, Etiologies, Risk Factors,
and Manifestations 750

Etiologies of Ischemic Strokes 751

Factors to Consider When Assessing Coping in Stroke
Clients 752

Other Behavioral-Perceptual Consequences of Stroke 753

Tests of Specific Disabilities that Commonly Follow Stroke 756

Cardiovascular Disease Risk Factors 757

Stroke Risk Factors 759

Clinical Manifestations of Stroke 760

Characteristics of Major Stroke Syndromes 761

OTHER ILLNESSES 762

- Fibrocystic Changes of the Breast 762
- Six Warning Signs of Kidney Disease 764
- Parkinson's Disease Manifestations and Teachings 765

FAILURE TO THRIVE 768

- Failure to Thrive—Nonorganic 768
- Clinical Manifestations of Nonorganic Failure to Thrive 769
- Feeding Children With Nonorganic Failure to Thrive 769
- Characteristics of Failure-to-Thrive Family 771

Nutritional Guidelines 772

- Form for Assessing Eating Habits and Nutritional State 772
- Clinical Signs of Nutritional Status 773
- The Basic Food Groups 775
- Promotion of Good Dietary Habits: Foods for Everyday Use 777
- Recommended Nutritional Intake for Pregnant Adolescents 779
- Recommended Nutritional Intake for Young Adults 780
- Recommended Nutritional Intake for Elderly People 781
- Single-Room Occupant Foods 782
- Developmental Milestones Associated With Feeding 782
- Nutrition Education and Counseling Screening Alerts 783
- Nutrition Education and Counseling Interventions 786
- Food Sources of Calcium 790
- Optimal Calcium Requirements 791
- Food Sources of Potassium 792
- High-Fiber Foods 794
- Relationship Between Fiber and Various Health Problems 796
- Tips for a Low-Sodium Diet 799
- Food Sources of Sodium 802
- Salt-Free Seasoning Guide 805
- Food Sources High in Iron 807
- Food Sources of Iron 808
- Low-Gluten Diet for Children with Celiac Disease 809
- Caffeine Content of Beverages and Foods 811
- Caffeine Content of Soft Drinks 811
- Facts about Cholesterol 812
- Cholesterol: The Numbers 814
- Diet and Cancer 815
- Diet Guidelines for a Healthy Heart 815
- Cultural and Regional Foods 820
- Food Restrictions of Various Religions 825
- Nutritional Analysis of Fast Foods 827

- Labeling: What's Old and What's New 836
 Definitions of FDA Food Labeling Terms 839
 Selected Examples of Bacterial Foodborne Disease 840
 Food Safety 842

Acquired Immune Deficiency Syndrome (AIDS) 844

- Risk of Exposure to HIV Related to Behaviors and Practice 844
 Clinical Categories for Children with HIV Infection 845
 What are the Symptoms of HIV? 846
 How is HIV Passed from One Person to Another? 847
 Lifestyle Recommendations 847
 Guidelines for Safer Sex 848
 HIV Risk Comparisons 850
 Practicing Safer Sex 851
 Centers for Disease Control Classification System for HIV-
 Infected Clients 853
 Medical Treatment of HIV-Infected Clients 854
 Toxicities of Dideoxynucleoside Drugs 855
 The ABCDs of Nutrition Assessment in AIDS 856
 Planning Nutrition Care for Clients with AIDS 857

Pregnancy Through Childhood Care 858

PREGNANCY 858

- Normal Discomforts Experienced during Pregnancy 858
 Prenatal High Risk Factors 860
 Risk Factors Affecting Pregnancy 865
 Assessment Focus at First Prenatal and Return Visits 866
 Nursing Strategies for Working with Childbearing Clients
 Experiencing Crisis and Grief 867
 Family System Changes during the Childbearing Cycle 868

INFANCY 869

- Parenting Tasks for Developmental Landmarks in Infancy 869
 Normal Sleep Patterns for Infants 870
 Visual Developmental Milestones during Infancy 871
 Progressive Auditory Development of Infants during Infancy 871
 Clinical Assessment of Nutritional Status 872
 Development of Feeding Skills 878
 Feeding for the First 12 Months of Life 880
 Infant State-Related Behavior Chart 881
 Common Concerns and Problems of the First Year 885
 Infant Stimulation Guide 898
 Tips for a Baby's Safety 901
 Protocol for Postpartum Home Visit 906
