Unit 1

The Context

1 Opening the Door to Health Care in the Community 3

*Karen Saucier Lundy, Sharyn Janes,
and Sherry Hartman*

A Closer Look at Health	9
Nursing in the 21st Century	11
Community-Based, Population-Focused, Community Health Nursing: What's in a Name?	12
Reform and the Reinvention of Systems of Care	15
Back to the Future: From Hospital to Community, from Cure to Prevention	17
Epidemiology: The Science of Public Health	24
Measuring a Community's Health: How Do We Know When We Get There?	26
Conclusion	27

2 Community and Population Health: Assessment and Intervention 33

Karen Saucier Lundy and Judith A. Barton

Communities and Populations	36
Community Assessment Frameworks	39
Using the Nursing Process for the Community	44
Conclusion	57

3 History of Community and Public Health Nursing 69

Karen Saucier Lundy and Kaye W. Bender

Classical Era	70
The Greeks and Health	71
Roman Era	72
Middle Ages	72
The Renaissance	75

The Emergence of Home Visiting	75
The Reformation	75
The Advancement of Science and Health of the Public	76
The Dark Period of Nursing	76
Early Organized Health Care in the Americas: A Brave New World	77
The Industrial Revolution	78
John Snow and the Science of Epidemiology	79
And Then There Was Nightingale . . .	79
Returning Home a Heroine: The Political Reformer	83
Early Nursing Education and Organization in the United States	87
The Evolution of Nursing in the United States: The First Century of Professional Nursing	88
The Emergence of Community and Public Health Nursing	90
Science and Health Care, 1945–1960: Decades of Change	103
Years of Revolution, Protest, and the New Order, 1961–2000	104
Managed Care and Healthcare Reform: First Decades of the 21st Century	104

4 Epidemiology of Health and Illness 111

Angeline Bushy and Gail A. Harkness

Epidemiology Defined	112
Scope of Epidemiology	114
The Epidemiological, Research, and Nursing Processes	115
Natural History of Disease	116
Descriptive Epidemiology	118
Person, Place, and Time	123
Analytic Epidemiology	125
Conclusion	127

5 Transforming the Public's Healthcare Systems 131

Bonita R. Reinert and Karen Saucier Lundy

The Evolving U.S. Healthcare Delivery System	133
---	-----

The Current U.S. Healthcare Delivery System 137
 Issues Affecting the Delivery of Healthcare Services 142
 Managed Care 144
 The Concept of Managed Care 144
 Health Politics and Policy 148
 New Nursing Opportunities 149
 Conclusion 151

6 The Home Visit 155

Karen Saucier Lundy

The Home Visiting Process 156
 Advantages of Home Visits 159
 Effectiveness of Home Visits 162
 Challenges of Home Visits 163
 Distractions in the Home Environment 167
 Conclusion 168

7 Global Health 173

Sharyn Janes

Globalization and International Health 174
 Role of International Agencies 175
 Global Health Issues 181
 Global Initiatives 186
 Global Nursing 187

Unit 2

Influences on Community and Population Health

8 Economics of Health Care 197

Sherry Hartman and Dean Bauman

An Economic Approach to Health Care 198
 History of U.S. Health Market 202
 Paying for Health Care 209
 Cost Containment, Cost Analysis, and Quality 215
 Public Health, Managed Care, and the Economics of Prevention 218
 Significance of Economics for Community Health Nursing Practice 221
 The Affordable Care Act 222
 Economics and Nightingale's Legacy 224

9 Politics and the Law 231

Karen Saucier Lundy, Sharyn Janes, and Heather Rakauskas Sherry

Government Authority 232
 Government 235
 Regulation and Licensing of Nursing Practice 247

Nursing Practice and the Law 248
 Conclusion 249

10 Health Policy 253

Nancy Milio, Marti Jordan, and Karen Saucier Lundy

Health Policy and Public Policy 254
 Public Health and Public Policy 259
 Policy Development 260
 Information for Action 264
 Policy Development Strategies 264
 Implementation 267
 Nurses in Communities, Public Health Policy, and Primary Prevention 268
 Conclusion 269

11 Transcultural Nursing Care in the Community 275

Madeleine Leininger and Sharyn Janes

Community-Based Transcultural Nursing 276
 Scope of Transcultural Nursing Cultures 280
 Transcultural Nursing Principles 280
 Transcultural Concepts 280
 Leininger's Theory of Culture Care Diversity and Universality 285
 Conclusion 293

12 Ethics and Health 295

Pat Kurtz and Janie B. Butts

Virtue or Character Ethics 297
 Principle-Based Ethics: Developing Moral Rules 299
 Ethic of Care 308
 Ethical Problems Faced by Community Health Nurses: The Research 308
 Ethical Decision Making 309
 Service-Learning: Discovering the Self and Developing Community Values* 311
 Conclusion 311

13 Environmental Health 317

Carole J. Nyman, Patricia Butterfield, and Karen Saucier Lundy

Upstream Thinking: Making Connections Between Environmental and Human Health 318
 Trends in Exposure and Disease 319
 A World View 319
 The Environment and Health 320
 Nursing and the Environment 325
 Roles of the Community Health Nurse 327
 Ethical Principles Addressing Environmental Health Nursing 333
 Conclusion 334

Unit 3**Care of Communities and Populations****14 Health Promotion and Wellness 349***Joan H. Baldwin, Cynthia Conger, and Betty Sylvest*

- Basic Concepts of Health and Health Promotion 350
- Factors Influencing Health Promotion and Wellness 354
- Models of Health Promotion and Wellness 364
- Conclusion 374

15 Health Ministries: Health and Faith Communities 379*Lilianna K. Deveneau and Karen Saucier Lundy*

- Development of Health Ministries 380
- Health Ministry in Action 386
- Relationship Between Community Health Nursing and Faith Communities 389
- Missionary Nursing* 395
- Spirituality Versus Religion in Health Care 399
- Conclusion 403

16 Complementary and Holistic Health 407*Margaret A. Burkhardt and Lilianna K. Deveneau*

- Holistic Framework 408
- Historical Influences 410
- Complementary Modalities: What Are They? 411
- Integrating Complementary Therapies into Community Nursing Care 415
- Potential Barriers to Use of Complementary Therapies 421
- Complementary Health and Community Nursing Practice 422
- Conclusion 424

17 Health Education in the Community 429*Betty Sylvest and Lucy Bradley-Springer*

- Culturally Sensitive Teaching and Learning 431
- Theoretical Bases 432
- The Health Education Process 438
- Health Education in Communities 446
- Ethical Issues in Health Education 454
- Conclusion 455

18 Community and Group Communication 461*Grace Coggio and Lilianna K. Deveneau*

- Types of Groups 463
- Characteristics of Effective Groups 465
- Communication Within Groups 467
- Stages of Group Development 470

- Groups and Technology 472
- Evaluating Groups 475
- Ethical Considerations 475
- Conclusion 476

Unit 4**Common Community and Population Health Problems and Issues****19 Disasters in the Community 483***Karen Saucier Lundy and Janie B. Butts*

- The Nature of Disasters 488
- Stages of Disaster 496
- Disaster Planning 500
- Disaster Response 504
- Role of the Community Health Nurse in Disasters 510
- Disaster Recovery 514
- Conclusion 524

20 Communicable and Infectious Disease 529*Cathy Keen Hughes and Sharyn Janes*

- The Problem of Communicable Disease 530
- Transmission of Infectious Agents 534
- Communicable Disease Prevention 537
- Control of Diseases 541
- Emerging and Reemerging Infectious Diseases 548
- Global Disease Eradication Efforts 560
- Conclusion 560

21 Sexually Transmitted Infections and HIV/AIDS 567*Cathy Keen Hughes*

- Scope of the Problem 568
- Common STIs 568
- Health Consequences of STIs 571
- HIV/AIDS 572
- STIs and the U.S. Healthcare System 579
- The Role of Community Health Nurses 580
- Conclusion 581

22 Substance Abuse and Misuse as Community Health Problems 585*Judith A. Barton, Jean A. Haspeslagh, and Marshall Parker Lundy*

- The Nature of Substance Abuse as a Community Health Problem 586
- Risk Factors for Substance Abuse 591
- Nursing Assessment 594
- Interventions 595
- Conclusion 610

23 Violence and the Community 615

*Sherry Hartman, Lilianna K. Deveneau,
and Ann Thedford Lanier*

- From Criminal Justice to Public Health 617
- Defining and Explaining Violence 617
- Types of Violence in U.S. Society 621
- Interventions to Prevent Violence 645
- Conclusion 650

**Unit 5
Vulnerable Populations**

**24 Vulnerability in Community Populations:
An Overview 659**

Angeline Bushy

- Basic Concepts Related to Risk and Vulnerability 660
- Web of Causation: The Interrelationship Social Determinants, Risk and Vulnerability 662
- Poverty: Impact on Risk and Vulnerability 663
- Vulnerable Populations with Special Needs 666
- Nursing Considerations 670
- Nursing Roles 672
- Conclusion 674

25 Rural, Urban, and Homeless Populations 679

Janie B. Butts and Gale A. Spencer

- Rural Populations 680
- Urban Populations 694
- The Homeless Population 698
- Caring for Urban and Homeless People 709

26 Adolescent Pregnancy 721

Loretta Sweet Jemmott and Karen Saucier Lundy

- Sexual Behavior and Pregnancy Rates 722
- Factors Contributing to Adolescent Pregnancy 723
- Impact of Adolescent Pregnancy 728
- Role of the Nurse 732
- Conclusion 745

27 Psychiatric Care and Mental Health in the Community 753

Sarah Steen Lauterbach and John Hodnett

- The Unique Role and Perspective of Psychiatric–Mental Health Nursing in Caring for the Public’s Health 755
- Definitions of Mental Health 757
- History of Mental Health in the Community 758
- Historical Context for Professional Nursing 762

- History and Spirit of Psychiatric–Mental Health Nursing in the Community 763
- Individuals and Population Groups Needing Psychiatric–Mental Health Services 769
- Current Assessment of the Public’s Mental Health Status 771
- Psychiatric–Mental Health Nursing’s Roles and Phenomena of Concern 775
- Models for Psychiatric–Mental Health Nursing Practice 776
- The Future of Psychiatric–Mental Health Nursing Practice 782
- Conclusion 783

28 Chronic Illness and Disability 789

Edith Hilton and Valerie Rachal

- Issues and Public Policies Affecting Individuals with Chronic Illnesses and Disabilities 790
- Chronic Illness and Disabilities in the United States 792
- Defining Disability and Chronic Illness 795
- Caregivers for Individuals with Chronic Conditions 800
- Vulnerable Populations 801
- Caring for Persons with Long-Term Health Problems 809
- Quality of Life in Disability and Chronic Illness 809
- The Chronic Care Model 811
- Stages of Adjusting to a New Form of Disability 813
- Roles for Community Health Nurses 814
- Role Models 816
- Financing Costs of Chronic Illness 816
- Self-Determination: The Patient as Partner 818
- Sensitivity in Community-Based Caring 818
- Issues Community Health Nurses Encounter 819
- Community Living Needs of People Who Have Disabilities 823
- Ethical Issues Related to Disabilities 832
- The Future Role of Community Health in Chronic Illness and Disability Care in the Future 833
- Conclusion 834

**Unit 6
Health Across The Lifespan**

29 Foundations of Family Care 843

Ruth A. O’Brien and Karen Saucier Lundy

- Definition of Family 844
- Health Responsibilities of the Family 846

- Theoretical Approaches to the Family 848
 Family-Oriented Versus Family-Focused
 Nursing Role 851
 A Conceptual Framework for Family
 Assessment 851
 A Self-Efficacy Model for Nurse–Family
 Intervention 861
 Conclusion 864
- 30 Caring for the Family in Health and
 Illness 869**
Linda Beth Tiedje and Karen Saucier Lundy
 Thinking Differently About Family Health 870
 Community-Based Services for Promoting
 Family Health 874
 Characteristics of Successful Interventions:
 Creating Healthy Families and
 Communities 876
 Issues in Family Nursing Today 880
 Values: A Challenge for the Future 881
 Conclusion 884
- 31 Women’s Health 889**
Karen Saucier Lundy and Norma G. Cuellar
 Profile of Women’s Health 890
 Health Issues, Health Promotion, and Health
 Prevention Across the Lifespan 899
 Specific Disease Conditions of Women
 Throughout the Lifespan 908
 Diversity and Women’s Health 910
 Special Issues Affecting Women’s Health 914
 Toward the Future 919
 Conclusion 923
- 32 Men’s Health 929**
*Sharyn Janes, Karen Saucier Lundy,
 and Joseph Farmer*
 Men’s Health 930
 Healthcare System Utilization 937
 Specific Male Health Issues 938
 Selected At-Risk Populations 944
 Community Health Nursing Roles 947
 Men’s Health Research Issues 947
 Conclusion 947
- 33 Child and Adolescent Health 953**
Angela Chisum Blackburn and Harriet Kitzman
 Improving Children’s Health: Working with
 Families 955
 Selected Nursing Interventions 960
 Improving Child and Youth Health:
 Systems of Care 963
 Ecology of Child and Youth Health:
 Contexts for Growth and Development 968
 Conclusion 973
- 34 Older Adults 981**
Virginia Lee Cora and Cindy Luther
 Aging 982
 Nursing of Elders 983
 Preventive Health Care 992
 Special Older Adults Health Issues 1004
 Conclusion 1007
 Appendix A 1010
 Appendix B 1011
 Appendix C 1012
 Appendix D 1014
 Appendix E 1015
 Appendix F 1017
 Appendix G 1018
- Unit 7**
**Diversity in Community Health
 Nursing Roles**
- 35 Public Health Nursing: Pioneers of
 Healthcare Reform 1021**
Kaye W. Bender and Marla E. Salmon
 History of Public Health Nursing 1022
 Public Health Nursing Philosophy 1025
 Challenges and Issues for Public Health Nursing in
 the 21st Century 1031
 Conclusion 1035
- 36 Home Health and Hospice Nursing 1039**
Karen Saucier Lundy and Ilene Purvis Bloxson
 Home Health Nursing 1040
 The Medicare Era 1044
 Types of Home Health Agencies 1045
 Financing and Payment Systems for Home Health
 Services 1047
 Quality Assurance and Public
 Accountability 1050
 Managed Care and Home Health 1053
 Interdisciplinary Team Approach in Home
 Health 1054
 Role of Family Caregivers in Home Health 1055
 Legal and Ethical Issues in Home Health 1056
 Information and Technology in Home
 Health 1058
 Hospice Care in the Home 1059
 The Future of Health Care in the Home 1063
 Conclusion 1064
- 37 School Health Nursing 1069**
Frances Martin and Karen Saucier Lundy
 History of School Health Nursing 1073
 The Education System and the School Nurse 1076

Education and Credentials of the School
Nurse 1076
Role Definition of the School Nurse 1077
Healthy People 2020 1080
School Health Nursing Practice 1083
Legal Issues in School Nursing 1086
Community Issues in School Health 1090
Innovations 1092
Conclusion 1094

38 Occupational Health Nursing 1099

Bonnie Rogers

History of Occupational Health Nursing 1100
Work and Workplace Hazards 1103

Work/Workplace Change 1109
Occupational Health Nursing Practice 1110
Governmental Influence 1118
Professionalism in Occupational Health
Nursing 1120
Future Expansions 1122
Conclusion 1125
Index 1127
