List of Abbreviations xv

## Section I Preconception I

1 Basic biochemistry 3

*Jean Rankin*

2 The cell – its structures and function 9

*Jean Rankin*

3 Structure, organization and regulation of genes 21

*Jean Rankin*

4 The female reproductive system 33

*Jean Rankin and Lynsay Matthews*

5 The male reproductive system 43

*Lynsay Matthews*

6 Fertility control 49

*Susan A. Crowther and Jean Rankin*

7 Infertility 61

*Deborah A. Payne and Leona Dann*

8 Preconception matters 67

*Hora Soltani and Frankie Fair*

## Section 2A Pregnancy—The Fetus 77

9 General embryology 79

*Jean Rankin and Lynsay Matthews*

10 Embryological systems 1—trunk, head and limbs 93

*Jean Rankin and Lynsay Matthews*

11 Embryological systems 2—internal organs 103

*Jean Rankin and Lynsay Matthews*

12 The placenta, membranes and amniotic fluid 111

*Hilary Patrick*

13 Fetal growth and development 125

*Hilary Patrick*

14 Common fetal problems 137

*Thomas McEwan*

15 Congenital anomalies 145

*Anne Fallon and Catherine Houghton*

## Section 2B Pregnancy—The Mother 153

16 The haematological system—physiology of the blood 155

*Jean Rankin*

17 The cardiovascular system 167

*Jean Rankin*

18 Respiration 183

*Jean Rankin*

19 The renal tract 195

*Jean Rankin*

20 Fluid, electrolyte and acid–base balance 207

*Jean Rankin*

21 The gastrointestinal tract 217

*Lynsay Matthews*

22 The accessory digestive organs 231

*Lynsay Matthews*

23 Nutrition and metabolism during pregnancy 239

*Hora Soltani and Frankie Fair*

24 The nature of bone—the female pelvis and fetal skull 249

*Jean Watson and Thomas McEwan*

25 Muscle—the pelvic floor and the uterus 263

*Lynsay Matthews and Jean Rankin*

26 The central nervous system 275

*Lynsay Matthews and Jean Rankin*

27 The peripheral and autonomic nervous systems 289

*Lynsay Matthews and Jean Rankin*

28 The endocrine system 297

*Lynsay Matthews and Jean Rankin*

29 The immune system 305

*Lynsay Matthews and Jean Rankin*

## Section 2C Pregnancy—The Problems 315

30 Minor disorders of pregnancy 317

*Hilary Patrick*

31 Bleeding in pregnancy 323

*Hilary Patrick*

32 Cardiac and hypertensive disorders 335

*Thomas McEwan*

33 Anaemia and clotting disorders 343

*Jean Rankin*

34 Respiratory, renal, gastrointestinal and neurological problems 353

*Jean Rankin*

35 Diabetes mellitus and other metabolic disorders in pregnancy 361

*Jean Rankin*

## Section 3A Labour—Normal 371

36 The onset of labour 373

*Lyz Howie and Jean Watson*

37 The first stage of labour 381

*Lyz Howie and Jean Watson*

38 Pain relief in labour 399

*Lyz Howie and Jean Rankin*

- 39 The second stage of labour 411  
*Lyz Howie and Jean Watson*
- 40 The third stage of labour 421  
*Lyz Howie and Jean Watson*
- Section 3B Labour—Problems 427**
- 41 Abnormalities of uterine action and onset of labour 429  
*Lyz Howie and Helene Marshall*
- 42 Breech presentation 441  
*Lyz Howie and Helene Marshall*
- 43 Malposition and cephalic malpresentations 453  
*Lyz Howie, Jean Watson and Helene Marshall*
- 44 Cephalopelvic disproportion, obstructed labour and other obstetric emergencies 463  
*Lyz Howie, Jean Watson and Helene Marshall*
- 45 Postpartum haemorrhage and other third-stage problems 471  
*Lyz Howie, Jean Watson and Helene Marshall*
- 46 Perinatal fetal asphyxia 481  
*Lyz Howie, Jean Watson and Helene Marshall*
- 47 Operative delivery 491  
*Lyz Howie, Jean Watson and Helene Marshall*
- Section 4A Puerperium—The Baby as a Neonate 499**
- 48 Adaptation to extrauterine life I: haematological, cardiovascular, respiratory and genitourinary considerations 501  
*Thomas McEwan*
- 49 Adaptation to extrauterine life 2: gastrointestinal, metabolic, neural and immunological considerations 513  
*Thomas McEwan*
- 50 Health challenges and problems in neonates of low birthweight 521  
*Thomas McEwan*
- 51 Developmental anatomy: related cardiovascular and respiratory disorders 533  
*Thomas McEwan*
- 52 Jaundice and common metabolic problems in neonates 545  
*Thomas McEwan*
- 53 Risks of infection and trauma in neonates 555  
*Thomas McEwan*
- Section 4B Puerperium—The Mother 563**
- 54 The breasts and lactation 565  
*Maria Pollard*
- 55 Breastfeeding practice and problems 577  
*Maria Pollard*
- 56 The puerperium 587  
*Lyz Howie and Jean Rankin*
- 57 Biobehavioural aspects of parenting 597  
*Lorna Davies*
- Index 605
