Care has been taken to confirm the accuracy of the information presented and to describe generally accepted practices. However, the author(s), editors, and publisher are not responsible for errors or omissions or for any consequences from application of the information in this book and make no warranty, expressed or implied, with respect to the currency, completeness, or accuracy of the contents of the publication. Application of this information in a particular situation remains the professional responsibility of the practitioner; the clinical treatments described and recommended may not be considered absolute and universal recommendations.

The author(s), editors, and publisher have exerted every effort to ensure that drug selection and dosage set forth in this text are in accordance with the current recommendations and practice at the time of publication. However, in view of ongoing research, changes in government regulations, and the constant flow of information relating to drug therapy and drug reactions, the reader is urged to check the package insert for each drug for any change in indications and dosage and for added warnings and precautions. This is particularly important when the recommended agent is a new or infrequently employed drug.

Some drugs and medical devices presented in this publication have Food and Drug Administration (FDA) clearance for limited use in restricted research settings. It is the responsibility of the health care provider to ascertain the FDA status of each drug or device planned for use in his or her clinical practice.

Contents

PART ONE

The Context of Community and Public Health Nursing 1

Chapter 1

Public Health Nursing: Present, Past, and Future 3

Healthcare Changes in the 21st Century 4
Public Health Nursing Today 10
Roots of Public Health Nursing 13
Challenges for Public Health Nursing in the 21st Century 21

Chapter 2

Public Health Systems 29

Importance of Understanding How Public Health Systems are Organized 31
Structure of Public Healthcare in the United States 31
Functions of Public Health in the United States 34
Trends in Public Health in the United States 35
Healthcare Systems in Selected Developed Nations 37
Public Health Commitments to the World: International Public Health and Developing Countries 44

Chapter 3

Health Policy, Politics, and Reform 50

Healthcare Policy and the Political Process 52
Healthcare Finances and Cost-Benefit 55
Access to Care and Health Insurance 56
Healthcare Workforce Diversity 57
Nursing's Role in Shaping Healthcare Policy 59
Advocacy Activities of Professional Nursing Organizations 61
Current Situation of Nursing Political Involvement: Challenges and Barriers 62
Quality of Care 63
Information Management 64
Equity in Healthcare Access and Quality 65
Community-Based Services Associated With Healthcare Reform 65
Ethical Consideration 66
Health Advocacy and Healthcare Reform 68
Overview of the ACA Prior to the End of Obama Presidency 68
Health Services Research 70
Conclusion 71

Chapter 4

Global Health: A Community Perspective 75

Definitions of Health 77
Global Health Concepts 78
Women, Poverty, and Health 84
Sustainable Development Goals 85
Other Factors That Affect Global Health 89
Role of Nurses 92

PART TWO

Evidence-Based Practice and Population Health 97

Chapter 5

Frameworks for Health Promotion, Disease Prevention, and Risk Reduction 99

Introduction 102
Health Promotion, Disease Prevention, and Risk Reduction as Core Activities of Public Health 102
Healthy People Initiatives 102
Road Maps to Health Promotion 103
Behavior Models 109
Use of the Ecologic Model: Evidence for Health Promotion Intervention 114
Health Promotion and Secondary/Tertiary Prevention for Women Living With HIV/AIDS 117
Health Literacy 118
Health Literacy and Health Education 122
Health Literacy and Health Promotion 126
Role of Nurses 128

Chapter 6

Epidemiology: The Science of Prevention 134

Defining Epidemiology 136
Development of Epidemiology as a Science 137
Epidemiologic Models 140
Applying Epidemiologic Principles in Practice 142

Chapter 7

Describing Health Conditions: Understanding and Using Rates 151

Understanding and Using Rates 153
Specific Rates: Describing by Person, Place, and Time 158
Types of Incidence Rates 163
Sensitivity and Specificity 165
Use of Rates in Descriptive Research Studies 167

Chapter 8

Gathering Evidence for Public Health Practice 169

Observational Studies 171
Intervention (Experimental) Studies 177

PART THREE

Implementing Nursing Practice in Community Settings 183

Chapter 9

Planning for Community Change 185

Health Planning 186
Community Assessment 189
Systems Theory 190
Working With the Community 190
Social Ecologic Model 192
Health Impact Pyramid 192
Multilevel Interventions 193
Social Determinants of Health 194
Change Theory 197
Planning Community-Level Interventions 199
Collaboration and Teamwork 202
Evaluating Community-Level Interventions 203
Funding Community-Level Intervention Programs 204
Social Marketing 207
Nurse-Managed Health Centers 208

Chapter 10

Cultural Competence: Awareness, Sensitivity, and Respect 213

Culture and Nursing 214
Western Biomedicine as "Cultured" 218
Aspects of Culture Directly Affecting Health and Healthcare 219
Cultural Health Assessment 224

Chapter 11

Community Assessment 227

Introduction 228
Defining the Community and Its Boundaries 229
Frameworks for Community Assessment 233

Chapter 12

Care Management, Case Management, and Home Healthcare 245

Care Management 247
Case Management 247
Home Healthcare 248
Case Management, Home Healthcare, and Current Healthcare Reform 263

Chapter 13

Family Assessment 267

Introduction 269
Family Nursing Practice 269
Understanding Family 270
Family Nursing Theory 274
How Community Health Nurses Support Families 281
Community Health Nurses' Responsibility to Families 287

PART FOUR

Challenges in Community and Public Health Nursing 293

Chapter 14

Risk of Infectious and Communicable Diseases 295

Introduction 296
Epidemiology of the Infectious Process: The Chain of Infection 300
Outbreak Investigation 303
Healthcare-Associated Infections 305
Public Health Surveillance 306
Specific Communicable Diseases 307
Other Sexually Transmitted Diseases 322
Prevention and Control of Specific Infectious Diseases 322

Chapter 15

Emerging Infectious Diseases 329

Introduction 331
Factors That Influence Emerging Infectious Diseases 331
Recent Emerging and Reemerging Infectious Diseases 336
Reemerging Vaccine-Preventable Diseases 362
Antibiotic-Resistant Microorganisms 364
Conclusions 365

Chapter 16

Violence and Abuse 372

Overview of Violence 373
Intimate Partner Violence 376
Mandatory Reporting of Abuse 383
Intervention 385
Human Trafficking 386
Model of Care for Victims of Intentional Crimes 387
Forensic Nursing 388

Chapter 17

Substance Use 393

International Aspects of Substance Abuse 394
Health Profiles and Interventions for High-Risk Populations 400
Impact on the Community 413
Public Health Models for Populations at Risk 414
Treatment Interventions for Substance Abuse 419
Goals of *Healthy People 2020* 423

Chapter 18

Underserved Populations 429

The Context of Health Risks 431
Rural Populations 433
Correctional Health: Underserved Populations in Jails and Prisons 441
Gay, Lesbian, Bisexual, Transgender, and Queer Community 444
Veterans and Health 446
Human Trafficking 448
Homeless Populations 449

Chapter 19

Environmental Health 453

Introduction 454
Human Health and the Environment 454
Assessment 457
Interventions 474
Evaluation 476
Environmental Epidemiology 477
Working Toward Healthy Environments 478
Children's Health and the Environment 479
Environmental Justice 480
Global Environmental Health Challenges 481

Chapter 20

Community Preparedness: Disaster and Terrorism 486

Introduction 487
Emergencies, Disasters, and Terrorism 489
Disaster Preparedness in a Culturally Diverse Society 491
Disaster Management 492
MRC and CERT Groups 494
Roles of Nurses in Disaster Management 500
Bioterrorism 501
Chemical Disasters 508
Radiologic Disasters 512
Blast Injuries 514
Public Health Disaster Response 514

PART FIVE

Specialty Practice 521

Chapter 21

Community Mental Health 523

Cultural Context of Mental Illness 525
Definitions of Mental Illness 525
Scope of Mental Illness 525
Some Major Mental Illnesses 527
Evolution of Community Mental Health 541
Legislation for Parity in Mental Health Insurance Benefits 542
Roles and Responsibilities of the Community Mental Health Practitioner 543
Psychological First Aid 544

Chapter 22

School Health 553

Introduction 554
Historical Perspectives 555
Role of the School Nurse 556
Common Health Concerns 561
The School Nurse as a Child Advocate 568
The Future of School Health: Whole School, Whole Community, Whole Child (WSCC) Model 569

Chapter 23

Faith-Oriented Communities and Health Ministries in Faith Communities 573

Nursing in Faith Communities 574
History of Faith Community Nursing 575
Models of Faith Community Practice 575
The Uniqueness of Faith Communities 577
Roles of the Faith Community Nurse 579
Healthy People 2020 Priorities 580
Scope and Standards of Practice 581
The Nursing Process in Faith Community Nursing 582
Ethical Considerations 586
Education for Faith Community Nursing 586

Chapter 24

Palliative and End-of-Life Care 590

Nursing and Persons With Chronic Disease 591
Death in the United States 595
Nursing Care When Death Is Imminent 597
Palliative Care 601
Hospice Care 602
Caring for Persons at the End of Life 602
Nursing Care of Persons Who Are Close to Death 609
Complementary and Alternative Therapies 612

Chapter 25

Occupational Health Nursing 615

Introduction 616
The Worker and the Workplace 617
Occupational Health Nursing 620
Conceptual Frameworks 622
Occupational Health Nursing: Practice 625
Implementing Health Promotion in the Workplace 631
Implementing a Program: Example, Smoking Cessation 632
Epidemiology and Occupational Health 633
Emergency Preparedness Planning and Disaster Management 635
Nanotechnology and Occupational Safety and Health 636

Index 641
