# ISBN

**Title :** A beginner's Plearn (Play + learn) with EKG.

**Editors :** Praew Kotruchin, M.D., Ph.D., Nattapat Serewiwattana, M.D.

**No. of pages :** 173

เลขที่ WG 140

**Language :** English

P897B 2020

**Published :** 2563

เลขทะเบียน B0011949

**Art Design :** Rangsit Nuntamat

เลขที่ 4-01-0-2564

**Imprint :** Penprinting Co.LTD., Mung,Khonkaen,Thailand

**Paper back ISBN :** 978-616-438-480-4

**Price :** 12 USD (375 bath)

**Descriptions :** A pocket book designed to help beginners including medical students, internship doctors, paramedics, and nurses to master their electrocardiogram interpretation skills by reading and self-quizzing.

# Contents

About authors	How to learn with the book	Basic EKG knowledge	Pacemaker	EKG leads and axis	Electrodes
page 6	page 7		page 8	page 10	page 11
QRS Waves	EKG paper and scale	Heart rate	Arrhythmias	Abbreviations	Sinus rhythm
page 13	page 15	page 16		page 18	page 19
Sinus bradycardia	Sinus tachycardia	Sinus arrhythmia	Sinus pause and sinus arrest	Premature atrial complex	Premature ventricular complex
page 24	page 26	page 28	page 30	page 32	page 34

# Contents

Atrial rhythm	Junctional rhythm	First degree atrioventricular block	Second degree atrioventricular block, Mobitz type I	Second degree atrioventricular block, Mobitz type II	Second degree atrioventricular block, Fixed ratio
page 38	page 40	page 42	page 44	page 46	page 48
Third degree atrioventricular block	Atrial tachycardia	Atrial flutter	Supraventricular tachycardia	Ventricular tachycardia	Atrial pacing rhythm
page 52	page 54	page 56	page 60	page 62	page 66
Ventricular pacing rhythm	ST elevation myocardial infarction (STEMI)	STEMI basic knowledge	Axis of the heart	Localization of left ventricular wall ischemia by EKG	STEMI EKG card games: play and learn: Example 1-33
page 68		page 72	page 73	page 74	page 75-172
